

# Adityaraj Singh Goud

Full Stack Developer / React • Next.js • Node.js • TypeScript / AI-Enhanced Web Solutions

📞 +91 9301674546 📩 adityagoud93@gmail.com 💬 LinkedIn 🐾 GitHub 🌐 Portfolio

## Professional Summary

Full Stack Developer specializing in JavaScript/TypeScript ecosystem with experience delivering production-ready web apps using React, Node.js, MongoDB, Firebase, and modern CI/CD workflows. Passionate about performance optimization, AI-driven learning tools, and scalable full-stack architecture.

## Skills

- Languages:** C, C++, TypeScript, JavaScript, SQL  
**Frontend:** React, Next.js, React Native, Tailwind CSS, Shadcn UI, Redux  
**Backend:** Node.js, Express.js, FastAPI, REST APIs, JWT, WebSockets  
**Databases:** MongoDB, PostgreSQL, Firebase  
**DevOps:** GitHub Actions, Docker, Docker Compose, CI/CD, Vercel, Netlify  
**Tools:** Git, GitHub, Postman, Cloudinary, Clerk, VS Code

## Experience

### Web Developer Intern, Projection Ltd. - Dewas (M.P)

April 2025 – September 2025

- Built responsive front-end interfaces using React and Tailwind CSS, reducing load time by 25%.
- Developed and maintained RESTful APIs using Node.js and Express.js for dynamic data rendering.
- Enforced form validation with React Hook Form and Zod, reducing input errors by 70%.
- Integrated Cloudinary, Stripe, and Clerk for media, payments, and authentication services.

## Projects

### Coiniq – Cryptocurrency Tracker

React, Node.js, MongoDB

↗ Live

🔗 Code

- Built a full-stack crypto tracker using React and Node.js with MongoDB backend.

- Integrated CoinGecko API for real-time prices and interactive charts.

- Implemented JWT authentication, a personalized watchlist, and coin comparison features.

### EduMate AI – Personalized AI Learning Platform

React, TypeScript, Node.js, Firebase

↗ Live

🔗 Code

- Developed AI-driven roadmap generator with goal-based customization.

- Executed a daily task tracker, streak tracking system, and motivational indicators to enhance user engagement.

- Integrated Claude/GPT chat mentor via OpenRouter API for real-time learning.

- Expanded a resume analyzer with AI-driven feedback and PDF export functionality for personalized career guidance.

## Awards & Certifications

- Google Android Developer Internship (2025):** Completed Android projects with API integration and modern UI design.
- Masai Hackathon (2025):** Built a full-stack product in 48 hours and ranked as a Top Finalist in Masai Hackathon.
- LeetCode Achievements (2023–2025):** Solved 300+ DSA problems demonstrating strong logic and algorithms.

## Education

### SAGE University

Bachelor of Technology — Computer Engineering, **CGPA: 7.74**

Indore (M.P)

September 2022 – Present

### Vijay Jyoti Academy (MP Board)

Higher Secondary: 73.8%

Dewas (M.P)

2022

High School: 84.3%
